PROFESSIONAL PROFILE

Software engineering student focused on backend development, with hands-on experience building REST APIs and working with relational databases.

WORK EXPERIENCE

Acme Software (Springfield)
Junior Backend Developer *03.2025 – Present*

- Built REST API endpoints used by the internal billing tool.
- Reduced the response time of slow reports by rewriting their SQL queries.

Example University (Springfield)
IT Support Assistant *08.2023 – 02.2025*

- Answered help desk requests from professors and staff by phone and chat.

PROJECTS

Task Tracker API · github.com/example/task-api
Node.js, NestJS, PostgreSQL *2025*

- Implemented authentication and role-based access control.
- Added end-to-end tests that run on every push.
